

Give Your Customer the Professional Look of Laser Printed Business Documents

Laser Forms Are Easy to Read and Easy to Generate

Laser-printed Repair Orders and Parts Counter Tickets are easy to read, easy to generate and more professional-looking than impact-printed or handwritten forms. AutoSoft 6.5 users can easily set up their Service Writing and Parts Inventory system to accommodate laser printers by changing a few simple parameter settings.

AutoSoft Laser Forms Can:

- » Print up to 12 Complaint Lines (instead of 4)
- » List up to 36 Parts per R/O
- » Print increased detail in R/O histories
- » Print Last 5 Service Visits on Hard Copy
- » Color of Vehicle prints on R/O
- » Print large Job# for Mirror Tags
- » Print to Cashier location
(with additional networked printer)

AutoSoft Can Design and Custom Print Forms For Your Dealership

The AutoSoft Forms Division provides analysis, design, production and distribution of every type of document your dealership needs. When you order from AutoSoft, we customize your forms with dealer and franchise logos, special lettering, slogans, maps, dealership photos - virtually anything that can be printed on paper - to make your image unique and professional. Disclaimers are also customized to conform to state and federal regulations. Forms are pre-printed in two colors, Blue and Red to make laser generated information stand out. We use only laser printer-compatible inks to preserve sensitive laser printer hardware. Purchasing business forms direct from AutoSoft ensures that you have consistency, quality, and the most cost-effective source for all your needs.

Get Your Forms Fast!

We won't keep you waiting weeks for your forms order to arrive. When you place your initial custom order, your forms are professionally designed and proofs are faxed or mailed within a week. When the artwork is approved, printing plates are created directly from digital files and your forms are on the press within days. Depending on shipping time, we can usually deliver your order in less than 2 weeks, reorders are usually delivered even faster!

AutoSoft Laser Forms Advantage:

- » Custom designed to reflect your unique, professional image
- » Printed with special laser printer-compatible inks for increased printer life
- » Economically priced with quick turn-around times
- » One, convenient source for your DMS and business forms needs
- » Easy-to-read, clean and crisp communication ensures customer satisfaction
- » Precise alignment that's compatible with the AutoSoft DMS

Contact your ASI Representative or call AutoSoft Forms Division Toll Free at 877.427.4367 today and start printing laser forms in your Service and Parts Department. AutoSoft users must have an Okidata* brand laser printer with a single, double or triple drawer attached to their computer network. Okidata printers are available through your AutoSoft Representative.

**Due to differences in printer driver software, Okidata printers are the only laser printers supported by AutoSoft. For information regarding printers from other manufacturers please contact AutoSoft Forms Division at 877.427.4367.*
